CURRENT OPPORTUNITIES — 2025 / 2026

ALUMNI STRATEGY & PROGRAMMING

Ignite a Network of 100,000+ Canadian Leaders

JA Canada is building the infrastructure to reconnect, engage, and activate a dormant network of alumni across the country. Fund the data systems, mentorship frameworks, and career navigation tools that turn past participants into lifelong ambassadors, bridging early-career alumni with human skills for the age of AI, & senior leaders with impact opportunities.

Mentorship pipeline for students

Career navigation & employability

Lifelong learning opportunities

Impactful events & summits

INVESTMENT STRATEGIES PROGRAM (ISP)

Shape Canada's Next Generation of Investors

JA Canada's Investment Strategies Program (ISP) is being modernized into Canada's premier youth investing education experience. As a partner, you'll co-create curriculum, enhance our stock market simulation platform, and reach 25,000+ students annually — building financial confidence & investment literacy from the classroom up.

PARTNERSHIP OPPORTUNITIES

CURRENT OPPORTUNITIES — 2025 / 2026

FREE ENTERPRISE PROGRAMS

Champion the Economy Builder Mindset

JA Canada is on a mission to instill the principles of free enterprise — risk, competition, & voluntary exchange — in the next generation of Canadians. This partnership supports curriculum modernization & digital platform development that teaches the mechanics of prosperity, countering a growing cultural deficit in economic literacy across Canada.

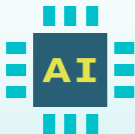

Digital platform & simulation tools

Modernized curriculum

3-year capital strategy

National reach via 14 JA Charters

AI STRATEGY, TOOLS & INITIATIVES

Equipping Youth with the Skills AI Can't Replace

JA Canada is building a national AI strategy that embeds AI fluency alongside the human capabilities that matter most: critical thinking, self-efficacy, and collaboration. You'll help fund the development of AI-driven student tools, modernized curriculum, & organizational capacity that ensures new technology serves as a launchpad for youth potential.

WORK READINESS PROGRAMS

Connect Youth to the Careers of the Future

JA Canada's work readiness programs bridge the gap between education and employment — helping students explore career pathways, develop professional skills, and connect with industry mentors. Partners gain meaningful employee engagement opportunities while directly shaping the talent pipeline in their sector.
